How to get to Kamifukuoka station

1) From Ikebukuro station

Please use express train on Tobu-Tojo line from Ikebukuro Station. Then change at Fujimino station for local or semi-express train and get off at Kamifukuoka station. *Time required: approx. 30 minutes.

2) From Omiya station

Please use JR Kawagoe line bound for Kawagoe. Get off at Kawagoe station and change for Tobu-Tojo line bound for Ikebukuro using local or semi-express train. Then get off at Kamifukuoka station.

From Kamifukuoka station to us

Please use left stairway after through the ticket gate. Take the Taxi from the Taxi stand and tell the driver, **“Nisshin Engineering”**. Soon you will find the building with logo.  It takes approx. 5 minutes.

Please be careful that we and Nisshin Flower Group's R&D centre has separate entrance. It is not accessible in between both R&D centre inside the premises.
